¹[2.] 3.¹ Section 8 of P.L.1961, c.49 (C.52:14-17.32) is amended to read as follows:

8. a. The basic coverage and the major medical coverage of any employee, and the employee's dependents, if any, shall cease upon the discontinuance of the term of office or employment or upon cessation of active full-time employment subject to such regulations as may be prescribed by the commission for limited continuance of basic coverage and major medical coverage during disability, part-time employment, leave of absence or lay off, and for continuance of basic coverage and major medical coverage after retirement, any such continuance after retirement to be provided at such rates and under such conditions as shall be prescribed by the commission, subject, however, to the requirements hereinafter set forth in this section. b. Rates payable by retired employees for themselves and their dependents, by active employees for dependents covered by medicare benefits, and by the State or other employer for an active employee alone

covered by medicare benefits, shall be determined on the basis of utilization experience according to classifications determined by the commission, provided, however, that the total rate payable by such retired employee for the employee and the employee's dependents, or by such active employee for the employee's dependents and the State or other employer for such active employee alone, for coverage hereunder and for Part B of medicare, shall not exceed by more than 25%, as determined by the commission, the total amount which would have been required to have been paid by the employee and by the State or other employer for the coverage maintained had the employee continued in office or active employment and the employee and the employee's dependents were not eligible for medicare benefits. "Medicare" as used in this act means the coverage provided under Title XVIII of the Social Security Act as amended in 1965, or its successor plan or plans.

c.
